

## Full range wall speakers

The XENO series is a loudspeaker range specifically designed for fixed audio installations in modern environments, offering two different sizes of contemporary and elegantly designed products.

What makes them so unique is their full range audio design, allowing them to be used without additional bass cabinet.

The exceptional accuracy and clarity coming from the VEXO8 is recommended to be extended with a complementary bass cabinet adding the punchy & deep bass, resulting in a stunning sound over the entire frequency range.
